# Compliance Status Report

**For the period 01.10.2020 to 31.03.2021**

**M/s RSL Distilleries Pvt. Ltd., Village Chandrao, Tehsil Indri, District Karnal, Haryana**

Sr. No.	Conditions	Progress/Compliance Status
<b>A. Specific Conditions</b>		
1	Environment clearance accorded is for grain based distillery unit (120 KLPD) only and no molasses based distillery unit shall be operated without prior permission from the Ministry.	RSL Distilleries Pvt. Ltd. is operating as a grain based distillery only.
2	Bag filter alongwith stack of adequate height shall be provided to coal/biomass fired boiler to control particulate emission within 50 mg/Nm <sup>3</sup> . At no time, the emission level should go beyond the prescribed standards. In the event of failure of any pollution control system adopted by the unit, the respective unit shall not be restarted until the control measures are rectified to achieve the desired efficiency.	Complied with. Stack Emission Report is enclosed as Annexure -I.
3	In plant control measures for checking fugitive emissions from all the vulnerable sources shall be provided. Fugitive emissions shall be controlled by providing closed storage, closed handling and conveyance of chemical and materials, multi cyclone separator and water sprinkling system. Dust suppression system including water sprinkling system shall be provided at loading and unloading areas to control dust emissions. Fugitive emissions in the work zone environment, product, raw materials storage area etc, shall be regularly monitored and records should be maintained. The emissions shall conform to the limits imposed by Haryana State Pollution Control Board (HSPCB)	Complied with. All the vessels/tanks are covered and provided proper vent and scrubber system.
4	The gaseous emissions from DG Set shall be dispersed through adequate stack height as per CPCB guidelines. Acoustic enclosure shall be provided to the DG Set to mitigate the noise pollution.	Acoustic enclosure is provided on all the DG sets to mitigate the noise pollution and the stack height is as per CPCB guidelines.
5	The company shall upload the status of compliance of the stipulated environmental clearance conditions including results of monitored data on its website and shall update the same periodically. It shall simultaneously be sent to the Regional office of MOEF, the respective Zonal office of CPCB and the HSPCB. The levels of PM <sub>10</sub> , SO <sub>2</sub> , NO <sub>x</sub> , CO and HC (Methane in ambient air shall be monitored and displayed at the convenient location near the main gate of the company and at important public places.	Complied with and Air Monitoring Station has been provided.

6	Total fresh water requirement from ground water source shall not exceed 11KL/KL of alcohol (i.e. 1320 m3/Day) for distillery and co-cogeneration unit (3.5 MW) and prior permission for drawl of water shall be obtained from the CGWA/SGWA. A. copy of water permission from concerned Authority shall be submitted to the Ministry's Regional Office at Chandigarh.	Complied with and we have obtained the permission from CGWA. Copy enclosed as Annexure-II. Applied for renewal of permission from CGWA. Copy enclosed as Annexure-III. Also applied for Ground Water Extraction Permission to HWRA the new agency for Monitoring Ground Water Withdrawal in Haryana. Copy enclosed as Annexure-IV.
7	Water consumption shall be reduced by adopting 3 R's (reduce, reuse and recycle) concept in the process.	Agreed and Complied with.
8	Spent wash generation should not exceed 6KL/KL of alcohol. Spent wash should be treated through decanter and concentrated in multi —effect evaporator (MEE) to form DWGS, Spent lees, effluent from bottle washing, utilities and cogeneration unit should be treated in ETP and water quality of treated effluent should meet the norms prescribed by CPCB/SPCB and recycle/reuse.	Spent wash generation is less than 6KL/KL of alcohol. Decantation and MEE have been installed for the spent wash treatment. We are mixing wet cake and thick syrup to achieve zero discharge. All other effluents are treated in ETP/CPU before its reuse in the process.
9	No effluent from distillery and co-generation power plant shall be discharged outside the factory premises and Zero effluent discharge concept shall be adopted.	The industry is not discharging any effluent outside industrial premises.
10	Process effluent/any waste water shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.	Agreed. We are not mixing any waste water with storm water.
11	No storage of wet cake shall be done at site. An additional dryer shall be installed so that at any time wet cake is not sold then wet cake shall be converted into Dry cake by operating additional dryer.	Complied with and we are not storing any wet cake in the factory premises and we have installed an additional dryer.
12	Spent wash should be stored in impervious lagoon with HDPE lining as per CPCB guidelines and should be kept in proper conditions to prevent ground water pollution. Storage capacity of spent wash lagoon should be for 5 days	The lagoon has been made with HDPE Lining as per CPCB guidelines and the storage capacity is only for 5 days.
13	Adequate number of ground water quality monitoring stations by providing piezometers around the project area shall be set up. Sampling and trend analysis monitoring must be made on monthly a basis and report submitted to SPCB and this ministry. The ground water quality monitoring for pH, BOD, COD, Chloride, Sulphate and total dissolved solids shall be monitored and report submitted to the Ministry's Regional Office at Chandigarh and HSPCB.	The Industry has installed piezometers for the monitoring of ground water. Sampling of ground water is regularly carried out for analysis. Report is enclosed as Annexure-V.
14	Coal/Biomass storage should be done in such a way that it does not get Air borne or fly around due to wind.	Complied with.

15	Fly ash shall be stored separately as per CPCB guidelines so that it shall not adversely affect air quality, becoming air borne by wind or water regime during rainy season by flowing along with the storm water. Direct exposure of workers to fly ash & dust shall be avoided.	Agreed and Complied with. Being followed as per CPCB guidelines. Water spraying is done regularly with sprinkler. Goggles, gloves and mouth mask provided to workers to prevent direct exposure to fly ash and dust.
16	Proper utilization of fly ash shall be ensured as per Fly Ash Notification, 1989 as amendment in 2003. Fly Ash shall be provided to cement and brick manufacturer for further utilization. As proposed, ash shall be transferred in the covered truck.	Complied with and fly ash is being provided to brick manufacturers for utilization in brick manufacturing. Copy of Agreement being enclosed as Annexure-VI. Fly Ash is being transferred in covered trolley.
17	Pucca approach road to project site shall be constructed prior to commencing construction activity of the main distillery so as to avoid fugitive emissions.	The industry has constructed pucca roads within the premises and adjoining to the main road with the distillery.
18	Fire fighting system shall be as per the norms and cover all areas where alcohol is produced handled and stored. Provision of foam system for firefighting shall be made to control fire from the alcohol storage tank	Complied with and Copy of Fire NOC is enclosed as Annexure-VII.
19	Risk assessment shall be carried to assess the fire and explosion risk due to storage of alcohol and report submitted to the Ministry and its Regional office at Chandigarh within six months	Accepted.
20	Occupational health surveillance programme shall be undertaken as regular exercise for all the employees. The first Aid facilities in the occupational health centre shall be strengthened and the regular medical test records of each employee shall be maintained separately	Complied with and being provided first aid facilities and health check of workers being done on regular basis. Certificate enclosed as Annexure-VIII.
21	Dedicated parking facility for loading and unloading of material shall be provided in the factory premises. Unit shall develop and implement good traffic management system for their incoming and outgoing vehicles to avoid congestion on the public road	Dedicated parking area has been provided for un-loading and loading of material within and outside the industry.
22	As proposed, thick green belt in 33% of the plant area will be developed all around the plant boundary to act as noise attenuator and plantation shall be done as per the CPCB guidelines in consultation with DFO. Thick green belt with suitable plant species shall be developed around the proposed distillery mitigate the odor problem	The industry has provided greenbelt to mitigate the effects of fugitive emissions around the plant as per CPCB guidelines to take care of odour problem.
23	All the commitment made to the public during the public hearing/ Public consultation meeting held on 1st March 2011 shall be satisfactorily implemented and a separate budget for implementing the same shall be allocated and information submitted to the Ministry's Regional Office-Chandigarh.	Complied with.

24	At least 5% of the total cost of the project shall be earmarked towards the corporate social responsibility and item wise details along with time bound action plan shall be prepared and submitted to the Ministry's Regional Office-Chandigarh. Implementation of such program shall be ensured accordingly in a time bound manner	Complied with.
25	The company shall harvest rainwater from the roof-tops of the buildings and storm water drains to ensure sufficient ground water recharge.	Complied with.
26	Provision shall be made for the housing for the constructure and facilities such as fuel for cooking, mobile toilets, mobile sewerage treatment plant, safe drinking water, medical health care, crèche etc. The housing may be in the form of a temporary structure to be removed after the completion of the project. All the construction wasters shall be managed so that there is on the surrounding environment.	Project Completed.

**B. General Conditions.**

1	The project authorities shall strictly adhere to the stipulations made by the Haryana Pollution Control Board.	Noted & Complied with.
2	The national Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R.No.826(E) dated 16th November 2009 shall be followed	Complied with.
3	No further expansion or modification in the plant shall be carried out without prior approval of the Ministry of Environment and Forest. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance. A fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required if any.	Accepted.
4	The location of ambient air monitoring station shall be decided in consultation with the Haryana Pollution Control Board and it shall be ensured that at least one station is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.	Complied with. Air Monitoring stations has been provided in the company.
5	The overall noise level in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, Silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act 1986 rules 1989 viz 75 dBA (day Time) and 70 dBA (Night Time)	Noise Control measures has been provided.

6	The company shall obtain authorization for collection, storage and disposal of hazardous waste under the Hazardous waste (Management, Handling and Trans boundary Movement) Rules 2008 and its amendment time to time and prior permission from HSPCB shall be obtained for disposal of solid/ Hazardous waste including boiler ash.	Complied with. Copy enclosed as Annexure-IX.
7	During transfer of material, spillages shall be avoided and earthen drains be constructed to avoid mixing of accidental spillages with domestic waste water and storm water drain.	Noted & Being Complied with.
8	Usage of Personal protection Equipment by all employees/workers shall be ensured.	Noted and Complied with.
9	Training shall be imparted to all employees on safety and health aspect of chemical handling, Pre- employment and routine periodical medical examinations for all employees shall be taken on regular basis. Training to all employees on handling of chemical shall be imparted.	Training for Chemical handling has been provided to all the employees involved in the process/production of ENA. In order to ensure good health of workers regular health check-up of the plant workers are being carried out.
10	The company shall also comply with all the environmental protection measures and safeguards proposed in the project report submitted to the Ministry. All the recommendation made in the EIA/EMP in respect of environmental management. Risk mitigation measures and public hearing relating to the project shall be implemented.	Complied with.
11	The company shall undertake CSR activities and all relevant measures for improving the socio-economic conditions of the surrounding area.	CSR activities started and are being regularly implemented. We carried out distribution of School Bags among School Students & also carried out spraying as per requirement of villages. Copy enclosed as Annexure-X
12	The company shall undertake eco-development measures including community welfare measures in the project area for the overall improvement of the environment.	Most of the CSR activities are planned for the eco development of the area like plantation of trees.
13	A separate environmental management cell equipped with full fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Complied with.

14	AS proposed, the company shall earmark Rs. 4.15 crores and Rs.0.80 Crores towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment and forest as well as the State Government alongwith the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/Pollution control measures shall not be diverted for any purpose	Complied with.
15	A copy of the clearance letter shall be sent by the project proponent to concerned panchyat, zila parisad/ Municipal Corporation, Urban local body and the local NGO if any from who suggestion/representations. If any were received while processing the proposal.	Agreed and Complied with.
16	The project proponent shall be submit six monthly reports on the status of compliance of the stipulated environmental clearance conditions including results of monitored data (both in hard copy as well as email) to the respective Regional office of MOEF, the respective Zonal Office of CPCB and the Haryana State Pollution control Board. A copy of Environmental Clearance and six monthly compliances status report shall be posted on the website of the company,	Being sent six monthly reports on the status of compliance to MOEF, Zonal Office of CPCB and HSPCB.
17	The environmental statement for each financial year ending 31st March in Form V as in mandated shall be submitted to Haryana Pollution control Board as prescribed under the Environment (Protection) rules 1986, as amended subsequently shall also be put on the website of the company alongwith the status of compliance of environmental clearance conditions and shall also be sent to the Chandigarh Regional Office of MOEF by email.	Complied with.
18	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with SPCB/Committee and may also be seen at website of the Ministry at <a href="http://envfor.nic.in">http://envfor.nic.in</a> . This shall be advertised within seven days from the date of issue of the clearance letter, at least two local newspaper that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.	Copy of Clearance letter is available with HSPCB.
19	The project authorities shall inform the Regional office as well as the ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.	Complied

## TEST REPORT

Issued to:

M/S RSL DISTILLERIES (P) LTD.,  
Village Chandrao, PO Chogwawan,  
Tehsil Indri, Distt. Karnal (HR)

Report No: HTH/CH/210215016, Dt.: 15.02.2021

ULR No.: TC781121100002802F

Reporting Date : 18.02.2021

Party's Ref No: Nil

Sample Description: Stack Emission (Boiler)

Type of Industry	: Distilleries Industry
Name of Plant/ Section	: Boiler Section
Date of sampling	: 15.02.2021
Capacity of Boiler	: 35 TPH
Source of Emission	: Stack Attached to Boiler
Instrument used	: Stack Sampler APM 160 (Sr.No. 88-DTL - 2016)
Instrument Calibration Status	: Calibrated (upto 28-12-2021)
Type of Stack	: RCC
Type of Fuel used	: Rice Husk
Stack height (from the ground level)	: 51 meter
Stack diameter (at the sampling point)	: 1.93 meter
Location of sampling point	: As per standard norms
Purpose of sampling	: Monitoring
Sample collected by	: By our Lab. Representative
Type of APCM Installed	: ESP
Period of testing	: 15.02.2021 to 18.02.2021

### A. Observations:

S. No.	Particulars	Data Observed
1	Stack gas temperature, °C	: 162.0
2	Metering point temperature, °C	: 19.0
3	Avg. stack gas velocity, m/sec	: 7.85
4	Sampling flow rate, Lt./min.	: 23.0
5	Period of sampling, Minutes	: 30.0
6	Volumetric flow rate, Nm <sup>3</sup> / Hr	: 54423.65

### B. RESULTS:

S. No.	Parameters	Results	Standard Limits (CPCB)	Protocol Used
Discipline - Chemical, Group - Atmospheric Pollution				
1	Particulate Matter (PM), mg/Nm <sup>3</sup>	41.43*	50 max.	IS 11255 (P-1) : 1985 : RA 2019
2	Sulphur Dioxide (SO <sub>2</sub> ), mg/Nm <sup>3</sup>	10.47	--	HTH/QF/7.2/2/CH-02/23
3	Oxides of Nitrogen (NO <sub>x</sub> ), mg/Nm <sup>3</sup>	22.58	--	HTH/QF/7.2/2/CH-02/23
4	Carbon dioxide (CO <sub>2</sub> ), %	6.90	--	HTH/QF/7.2/2/CH-02/23

\*Corrected to 12% CO<sub>2</sub>

No.21-4(579)/NWR/CGWA/2013-2009

Dated:- 20 SEP 2016

M/s RSL Distilleries Pvt Ltd.,  
SCO-49-50, Sector -8C, Madhya Marg,  
Chandigarh

**Sub:- Extension of NOC for ground water withdrawal to M/s RSL Distilleries Pvt Ltd., for their existing distillery unit and co-generation plant located at Village Chandrao, Block Indri, District Karnal, Haryana -reg.**

Refer to application dated 30.03.2016 on the above cited subject. Based on recommendations of the Regional Director, CGWB, North Western Region, Chandigarh, vide his office letter No. 4(172) A-HR/RSLDPL/NWR/S&I/2012-1887 dated 22.08.2016 and further deliberations on the subject, the NOC for ground water withdrawal issued vide this office letter of even no. dated 19.04.2012, in respect of M/s RSL Distilleries Pvt Ltd., for their existing distillery unit and co-generation plant located at Village Chandrao, Block Indri, District Karnal, Haryana is hereby extended for a period of two years from the date of issue of this letter. The extension of NOC is however subject to the following revised conditions:-

1. The firm may continue to abstract 1380 m<sup>3</sup>/day of ground water (not exceeding 4,55,400 m<sup>3</sup>/year) through two (2) tubewells only. No additional ground water abstraction structures to be constructed for this purpose without prior approval of the CGWA.
2. All the wells to be fitted with water meter and monitoring of ground water extraction to be continued on regular basis, at least once in a month. The ground water quality to be monitored twice in a year during pre monsoon and post monsoon periods.
3. M/s RSL Distilleries Pvt Ltd., shall, in consultation with the Regional Director, Central Ground Water Board, North Western Region, Chandigarh implement ground water recharge measures atleast to the tune of 7,75,000 m<sup>3</sup>/year, for augmenting the ground water resources of the area. Firm shall also undertake periodic maintenance of recharge structures at its own cost.
4. The firm shall continue to execute ground water regime monitoring programme in and around the project area through three -four (3-4) piezometers fitted with automatic water level recorder having telemetry system on regular basis during each month of every year in consultation with the North Western Region, Chandigarh.

स्वच्छ सुरक्षित जल - सुन्दर खुशहाल कल

CONSERVE WATER - SAVE LIFE

5. The ground water monitoring data in respect of S. No. 2 & 4 to be submitted to Central Ground Water Board, North Western Region, Chandigarh on regular basis at least once in a year.
6. The firm shall ensure proper recycling and reuse of waste water after adequate treatment.
7. Action taken report in respect of S.N o. 1 to 6 may be submitted to CGWA within one year period along with a comprehensive compliance report.
8. The extension of NOC is liable to be cancelled in case of non-compliance of any of the conditions as mentioned in S. No. 1 to 7.
9. This extension of NOC is subject to prevailing Central/State Government rules/laws or Court orders related to construction of tubewell/ground water withdrawal/construction of recharge or conservation structures/discharge of effluents or any such matter as applicable.
10. This extension of NOC does not absolve the applicant / proponent of his obligation / requirement to obtain other statutory and administrative clearances from other statutory and administrative authorities.
11. The extension of NOC does not imply that other statutory / administrative clearances shall be granted to the project by the concerned authorities. Such authorities would consider the project on merits and be taking decisions independently of the NOC.
12. The extension of NOC does not imply that other statutory / administrative clearances shall be granted to the project by the concerned authorities. Such clearances would consider the project on merits and be taking decisions independently of the NOC.
13. This extension of NOC is valid for two years from the date of issuance of this letter.

## TEST REPORT

Issued to:

M/S RSL DISTILLERIES (P) LTD.,  
Village Chandrao, PO Chogwawan,  
Tehsil Indri, Distt. Karnal (HR)

Report No.: HTH/CH/210215010, Dt.: 15.02.2021

ULR No.: TC781121100002770F (Chemical)

ULR No.: TC781121200002771F (Biological)

Party's Ref No: Nil

Period of testing : 15.02.2021 to 18.02.2021

Reporting Date : 18.02.2021

Sample Description : Borewell Water Sample  
(Borewell No. 1)  
Type of Industry : Distilleries Industry  
Date of sampling: 15.02.2021  
Date of receipt of sample : 15.02.2021  
Environmental Condition : Temp. 26°C, Humidity 56%

Sample Name : Borewell Water  
Sample quantity : 5 ltr + 250 ml in sterilized bottle  
Sample location : Near Bottling Section  
Purpose of analysis : Monitoring  
Sampling Done by : Mr. Deepak (Sampling Executive)

Sampling Reference Protocol : IS-1622 : 1981

Reference to Protocol : IS 10500 : 2012 Amendment No. 2, September 2018

### Test Results

Sr. No.	Parameters	Results	Acceptable Limit	Permissible Limit (in the absence of Alternate source)	Method
Discipline - Chemical, Group - Water					
Organoleptic and Physical Parameter					
1	Colour, Hazen units	1.0	5 max.	15 max.	IS 3025 (P-4) : 2018
2	Odour	Agreeable	Agreeable	Agreeable	IS 3025 (P-6) : 2018
3	pH	7.76	6.5 - 8.5	No Relaxation	IS 3025 (P-11) : 1983
4	Turbidity, NTU	< 1.0	1 max.	5 max.	IS 3025 (P-10) : 1984
5	Total Dissolved Solids, mg/l	224.0	500 max.	2000 max.	IS 3025 (P-16) : 1984
General Parameters Concerning Substances Undesirable in excessive amounts (mg/l)					
6	Total Ammonia (as N)	BLQ (LOQ 0.3)	0.5 max.	No Relaxation	IS 3025 (P-34) : 1988
7	Calcium (as Ca)	22.40	75 max.	200 max.	IS 3025 (P-40) : 1991
8	Chloride (as Cl)	8.0	250 max.	1000 max.	IS 3025 (P-32) : 1988
9	Fluoride (as F)	0.30	1.0 max.	1.5 max.	APHA
10	Magnesium (as Mg)	8.28	30 max.	100 max.	IS 3025 (P-46) : 1994
11	Nitrate (as NO <sub>3</sub> )	BLQ (LOQ 1.0)	45 max.	No Relaxation	IS 3025 (P-34) : 1988
12	Phenolic Compounds (as C <sub>6</sub> H <sub>5</sub> OH)	BLQ (LOQ 0.0004)	0.001 max.	0.002 max.	IS 3025 (P-43) : 1992
13	Sulphate (as SO <sub>4</sub> )	30.80	200 max.	400 max.	IS 3025 (P-24) : 1986

Report No. 210215010 (Page 1 of 2)

Note: 1. This report is not to be reproduced wholly or in part and cannot be used as an evidence in the court of law.  
2. This report should not be used in any advertising media without our special permission in writing.  
3. Sample will be destroyed after 7 days for Distilleries items & 30 days for non-distilleries items from the date of issue of test report.

To M/s-RSL DISTILLERIES PVT LTD  
VILLAGE CHANDRAO TEHSIL INDRI DISTRICT KARNAL  
Memo No. FB/2020/161 dated : 19/05/2020

Subject: Renewal of No Objection Certificate 15 mtrs. and Above height from the fire Safety Point of View of the Group C- Industrial Building at VILLAGE CHANDRAO TEHSIL INDRI DISTRICT KARNAL of MANUFACTURE WINE :

Reference to you online No 100022023000005 dated 05/05/2020 on the subject cited above.

Tower Name	Floor Detail	Height	Ground Coverage
RSL DISTILLERIES PVT LTD	G+2 ONLY	32	92066
Basement Level	Basement Area	Remarks	
NIL	NIL	NO BASEMENT	

Your site for the Renewal of the Fire NOC has been inspected by the Team of Fire Station Officers, Karnal from fire safety Point of View. The means of escape and Fire Protection system were checked and found as per the National Building Code of India, Part- IV guidelines.

- In view of the satisfactory fire protection system / arrangement mentioned as above, this office has no objection for occupation from the Fire Safety point of view, with the following conditions:-
- 1) The owner/occupier shall keep duly trained Fire Staff in all three shifts.
  - 2) The Fire Protection System tested during Inspection shall be maintained properly & always should be in good working condition.
  - 3) If any lapse is found in the fire protection system at the time of inspection or detected during outbreak of fire, action will be taken as per rules against you.
  - 4) You are directed to apply for Renewal of NOC in future before 2 month of expiry of your NOC.
  - 5) The open set back area is not checked at our end as it shall be checked by concerned building department.
  - 6) The owner/occupier shall strictly follow the other applicable rules/ regulations/ byelaws laid down regarding fire safety system. If you fail to comply with any of the above terms & conditions you will be liable to be punished as per fire ordinance 2009 specially chapter- III Section 31 Sub-Section 1 & 2 of Fire Act 2009.
  - 7) You have to perform quarterly Fire Drill in your building as per NBC with intimation to Fire Department and video graphy evidence to be kept as a record which shall be produced at the time of next Renewal; Officials/Residents/R.W.A. should be mentioned in the drill.
  - 8) If the Infringements of Byelaws remains un-noticed the Authority reserves the right to amend the NOC as and when any such Infringements comes to notice after giving an opportunity of being heard and the Authority shall stand Indemnified against any claim on this account.
- The above Renewal of NOC is valid for One year from the date of issue of this letter Applying renewal of the same well in time shall be the responsibility of owner/occupier.

### **Terms and conditions**

1. The applicants shall maintain good house keeping both within factory and in the premises. All hose pipelines valves, storage tanks etc. shall be leak proof. In plant allowable pollutants levels, if specified by State Board should be met strictly.
2. The applicant/company shall comply with and carry out directive/orders issued by the Board in this consent order at all subsequent times without negligence of his /its part. The applicant/company shall be liable for such legal action against him as per provision of the law/act in case of violation of any order/directives. Issued at any time and or non compliance of the terms and conditions of his consent order.
3. The applicant shall make an application for grant of consent at least 90 days before the date of expiry of this consent.
4. Necessary fee as prescribed for obtaining renewal consent shall be paid by the applicant alongwith the consent application.
5. If due to any technological improvement or otherwise this Board is of opinion that all or any of the conditions referred to above required variation (including the change of any control equipment either in whole or in part) this Board shall after giving the applicant an opportunity of being heard vary all or such condition and there upon the applicant shall be bound to comply with the conditions so varied.
6. The industry shall provide adequate arrangement for fighting the accidental leakages, discharge of any pollutants gas/liquids from the vessels, mechanical equipment etc. which are likely to cause environment pollution.
7. The industry shall comply noise pollution (Regulation and control) Rules, 2000.
8. The industry shall comply all the direction/Rules/Instructions as may be issued by the MOEF/CPCB/HSPCB from time to time.
9. The industry shall ensure that various characteristics of the effluents remain within the tolerance limits as specified in EPA Standard and as amended from time to time and at no time the concentration of any characteristics should exceed these limits for discharge.
10. The industry would immediately submit the revised application to the Board in the event of any change in the raw material in process, mode of treatment/discharge of effluent. In case of change of process at any stage during the consent period, the industry shall submit fresh consent application alongwith the consent to operate fee, if found due, which may be on any account and that shall be paid by the industry and the industry would immediately submit the consent application to the Board in the event of any change during the year in the raw material,

quantity, quality of the effluent, mode of discharge, treatment facilities etc.

11. The officer/official of the Board shall reserve the right to access for the inspection of the industry in connection with the various process and the treatment facilities. The consent to operate is subject to review by the Board at any time.
12. Permissible limits for any pollutants mentioned in the consent to operate order should not exceed the concentration permitted in the effluent by the Board.
13. The industry shall pay the balance fee, in case it is found due from the industry at any time later on.
14. If the industry fails to adhere to any of the conditions of this consent to operate order, the consent to operate so granted shall automatically lapse.
15. If the industry is closed temporarily at its own, they shall inform the Board and obtain permission before restart of the unit.
16. The industry shall comply all the Directions/ Rules/Instructions issued from time to time by the Board.

**Specific Conditions :**

Unit will maintain the ZLD system at site.

Unit will comply the terms conditions, direction rules & regulations of HSPCB and CPCB.
